

Communications Cohort

Why do we want to do it?

- Member Centers identified a need for more support and collaboration around communication
- Increase the number of survivors accessing services

What is the purpose?

- Collaborative space to share and discuss outreach efforts
- Coordinate and inform statewide messaging
- Learning space

Membership

- Include a representative from each center, should they choose to participate, selected by the ED
- Cohort will decide frequency and length of meetings
- Collaborate on shared projects
- Keep group informed about work at their centers and their centers informed about the work of the group
